Bleed Area: 860mm x 1208mm

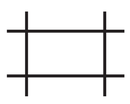
Trim: 840mm x 1188mm

Safe Area: 810mm x 1158mm

A0 Poster (840mm x1188mm) Artwork Guidelines

(Portrait)

Bleed Area: 860mm x 1188mm
Extend your background to fill the ‘bleed area’.
This will make sure you don’t end up with white edges when your poster is trimmed.



Trim: 840mm x 1188mm
This is where we aim to cut your poster.

Safe area: 810mm x 1158mm
Keep all the important information of your design - text, logo, icons - inside this safe area.

DO

- Edit and save your file in CMYK colour mode.
- Outline your text before saving (select all of the layers, click “type” in the menu, select “create outlines”).
- Background colour/images must bleed to the edges of artboard

DON’T

- Flatten your layers or image before saving - it can reduce your print quality.
- Do not scale the artboard
