A1 Poster (594mm x 840mm) Artwork Guidelines

(Portrait)

Bleed Area: 604mm x 850mm
Extend your background to fill the ‘bleed area’.
This will make sure you don’t end up with white edges when your poster is trimmed.

Trim: 594mm x 840mm
This is where we aim to cut your poster.

Safe area: 574mm x 820mm
Keep all the important information of your design - text, logo, icons - inside this safe area.

DO

- Edit and save your file in CMYK colour mode.

- Outline your text before saving (select all of the layers, click “type” in the menu, select “create outlines”).

- Background colour/images must bleed to the edges of artboard

DON’T

- Flatten your layers or image before saving - it can reduce your print quality.

- Do not scale the artboard
