Artwork Guidelines

(Portrait)

**Bleed Area: 303mm x 216mm**

Extend your background to fill the 'bleed area'. This will make sure you don't end up with white edges when your flyer is trimmed.

**Trim: 297mm x 210mm**

This is where we aim to cut your flyer.

**Safe area: 297mm x 200mm**

Keep all the important information of your design - text, logo, icons - inside this safe area.
